The Velm (P 49/X 47) airfield was not occupied on 25 January 1951. [] 25X1
 [] the landing field, which has not been occupied by Soviets since August 1943, was not released for cultivation. [] 25X1
 ground was dry and firm and [] the 25X1
 no concrete strip was there. *

* [] Comment. Contrary to a report of the summer of 1949, the landing field apparently has not been used for agricultural purposes. []
 The Soviets probably did not release the airfield because they might possibly reoccupy it. The landing field is serviceable for conventional aircraft.
 There are no hangars intact or buildings at the field. 25X1
